

WILL YOU BE MY FOREVER FAMILY?

Hi! My name is Tiger and I am sure you have noticed by now that I am BEAUTIFUL! We aren't really sure what my pedigree is, it's possible I'm Shepherd and Greyhound.

I'm about 2.5 yrs old and a svelte 40-some lbs (a lady never reveals her true age and weight). **Whatever I am, you will love my soft and shiny coat!** I have been in foster care for many months now and my foster mom promises we will find me a really great home! Could it be yours?!

I've proven to be very healthy and 110% house trained and kennel trained. I LOVE to play in snow, sprint in the yard, and then come in and find a nice lap to crawl into! That is why it is very important that my new home have a fenced backyard so that I have plenty of room to frolic, chase balls, and look at birds, squirrels, and rabbits!

I probably would do best in a home with no kids and with parents who have experience with spirited dogs like me! My foster mom says I'm just about perfect, but you know, I'm still a "work in progress" and will need consistency as I can be reactive if I get scared or nervous with new people. As long as they go slow with me I am much happier.

**I would love to meet you.
I know you will find me
irresistible!**
